ABOUT EMS

Founded in 2000, **Environmental Management Specialists, Inc.** (EMS) is a professional environmental services company with strategically located service centers providing coverage across Ohio, western Pennsylvania, West Virginia, Kentucky, Indiana, Illinois, southern Wisconsin, southern Michigan, central Tennessee, northern Georgia, and northern Alabama.

MIDSTREAM SERVICES OVERVIEW

EMS has highly-trained people and state-of-the-art equipment to respond to environmental service needs in support of the shale gas industry. Our midstream-specific experience includes **tank cleaning; tower cleaning; roll-off truck services; super sucker services; waste transportation (non-hazardous & hazardous); waste containers; drum disposal; product transfers; air knifing (pipeline excavation); EHS training; emergency response (OSRO, spills); and, confined space entry/rescue.**

SAFETY IS AT THE HEART OF OUR CORE VALUES

EMS has a deeply-ingrained safety program that is embraced across every level of our organization. As a result, we have never had a lost time accident in the history of the company, and we maintain an **Experience Modification Rating (EMR) of 0.50**. Our program focuses on regular training, medical/drug screening, and site safety audits. In addition to our annual OSHA/EPA/DOT/HAZWOPER training, we maintain a wide variety of certifications, including **SafeLand, Pipeline Operator Qualified (OQ), Loss Prevention Systems (LPS), API Tank Entry Supervisor (TES), and API WorkSafe**. EMS is pre-qualified by the contractor screening consortiums **ISNetworld, CCS, PEC Premier, and Avelta**. We are also a certified hazardous waste transporter and U.S. Coast Guard **Oil Spill Response Organization (OSRO #473)**.
