ABOUT EMS

Founded in 2000, **Environmental Management Specialists, Inc.** (EMS) is a professional environmental services company with strategically located service centers providing coverage across Ohio, western Pennsylvania, West Virginia, Kentucky, Indiana, Illinois, southern Wisconsin, southern Michigan, central Tennessee, northern Georgia, and northern Alabama.

RAIL SERVICES OVERVIEW

EMS has highly-trained people and state-of-the-art equipment to respond to environmental service needs in support of the rail industry. Our industry-specific experience includes **emergency response; EHS training; product transfers; light loading; vacuum truck services; industrial cleaning; soil remediation; sheet piling; confined space entry; UST/AST removals; waste identification, removal and disposal; lab packing; waste transportation (non-hazardous & hazardous); equipment decommissioning; and, facility decontamination.**

SAFETY IS AT THE HEART OF OUR CORE VALUES

EMS has a deeply-ingrained safety program that is embraced across every level of our organization. As a result, we have never had a lost time accident in the history of the company, and we maintain an **Experience Modification Rating (EMR) of 0.50**. Our program focuses on regular training, medical/drug screening, and site safety audits. In addition to completing annual OSHA/EPA/DOT/HAZWOPER training, we maintain a wide variety of certifications, including **Advanced Rail Car Specialist, FRA Roadway Worker Protection, e-RAILSAFE, SafeLand, Pipeline Operator Qualified (OQ), API Tank Entry Supervisor (TES), and API WorkSafe**. EMS is pre-qualified by the contractor screening consortiums **ISNetworld, CCS, PEC Premier** and **Avetta**. We are also a certified hazardous waste transporter and U.S. Coast Guard **Oil Spill Response Organization (OSRO #473)**.
