ABOUT EMS

Founded in 2000, **Environmental Management Specialists, Inc. (EMS)** is a professional environmental services company with strategically located service centers providing coverage across Ohio, western Pennsylvania, West Virginia, Kentucky, Indiana, Illinois, southern Wisconsin, southern Michigan, central Tennessee, northern Georgia, and northern Alabama.

SERVICES FOR CONSULTANTS OVERVIEW

EMS has highly-trained people and state-of-the-art equipment to support our partners in the consulting industry. Our industry-specific experience includes **brownfield remediation; vapor barrier installation; wetland construction, stream mitigation & channel restoration; MGP cleanups; fly ash pond remediation; demolition; UST/AST tank cleaning, installation & removal; waste transportation (haz & non-hazardous); drum disposal; waste containers; emergency response (OSRO, spills); hydroexcavation; dewatering; air knifing; and multi-faceted projects.**

SAFETY IS AT THE HEART OF OUR CORE VALUES

EMS has a deeply-ingrained safety program that is embraced across every level of our organization. As a result, we have never had a lost time accident in the history of the company, and we maintain an **Experience Modification Rating (EMR) of 0.50**. Our program focuses on regular training, medical/drug screening, and site safety audits. In addition to our annual OSHA/EPA/DOT/HAZWOPER training, we maintain a wide variety of certifications, including **Safeland, Pipeline Operator Qualified (OQ), Loss Prevention Systems (LPS), API Tank Entry Supervisor (TES), and API WorkSafe**. EMS is pre-qualified by the contractor screening consortiums **ISNetworld, CCS, PEC Premier** and **Avetta**. We are also a certified hazardous waste transporter and U.S. Coast Guard **Oil Spill Response Organization (OSRO #473)**.
