## ABOUT EMS

Founded in 2000, **Environmental Management Specialists, Inc.** (EMS) is a professional environmental services company with strategically located service centers providing coverage across the Midwest, Mid-Atlantic, South-Central United States, and beyond.

## UTILITIES SERVICES OVERVIEW

EMS has highly-trained people and state-of-the-art equipment to respond to environmental service needs in support of the utility industry. Our utilities-specific experience includes **emergency response** (OSRO, spills); **leaking transformers** (PCB/non-PCB); **UST/AST tank cleaning, installation & removal; confined space entry/rescue; MGP cleanup; fly ash pond remediation; demolition; roll-off truck services; waste transportation** (haz & non-hazardous); **drum disposal; waste containers; product transfers; air knifing** (pipeline excavation); **hydroexcavation; dewatering; line jetting/cameras;** and **EHS training.**

## SAFETY IS AT THE HEART OF OUR CORE VALUES

EMS has a deeply-ingrained safety program that is embraced across every level of our organization. As a result, we have never had a lost time accident in the history of the company, and we maintain an **Experience Modification Rating (EMR) of 0.71**. Our program focuses on regular training, medical/drug screening, and site safety audits. In addition to our annual OSHA/EPA/DOT/HAZWOPER training, we maintain a wide variety of certifications, including **Safeland, Pipeline Operator Qualified (OQ), Loss Prevention Systems (LPS), API Tank Entry Supervisor (TES), and API WorkSafe**. EMS is pre-qualified by the contractor screening consortiums **ISNetwork, CCS, PEC Premier** and **Avetta**. We are also a certified hazardous waste transporter and U.S. Coast Guard **Oil Spill Response Organization (OSRO #473)**.
