ABOUT EMS

Founded in 2000, **Environmental Management Specialists, Inc. (EMS)** is a professional environmental services company with strategically located service centers providing coverage across the Midwest, Mid-Atlantic, South-Central United States, and beyond.

RAIL SERVICES OVERVIEW

EMS has highly-trained people and state-of-the-art equipment to respond to environmental service needs in support of the rail industry. Our industry-specific experience includes **emergency response; EHS training; product transfers; light loading; vacuum truck services; industrial cleaning; soil remediation; sheet piling; confined space entry; UST/AST removals; waste identification, removal and disposal; lab packing; waste transportation (non-hazardous & hazardous); equipment decommissioning; and, facility decontamination.**

SAFETY IS AT THE HEART OF OUR CORE VALUES

EMS has a deeply-ingrained safety program that is embraced across every level of our organization. As a result, we have never had a lost time accident in the history of the company, and we maintain an **Experience Modification Rating (EMR) of 0.64**. Our program focuses on regular training, medical/drug screening, and site safety audits. In addition to completing annual OSHA/EPA/DOT/HAZWOPER training, we maintain a wide variety of certifications, including **Advanced Rail Car Specialist, FRA Roadway Worker Protection, e-RAILSAFE, SafeLand, Pipeline Operator Qualified (OQ), API Tank Entry Supervisor (TES), and API WorkSafe**. EMS is pre-qualified by the contractor screening consortiums **ISNetworld, CCS, PEC Premier** and **Avetta**. We are also a certified hazardous waste transporter and U.S. Coast Guard **Oil Spill Response Organization (OSRO #473)**.
